

PICK UP PA

a program of Keep Pennsylvania Beautiful
in support of Ocean Conservancy's
International Coastal Cleanup

MARCH 1 - MAY 31

Liberty Township is participating in the Pick Up Pennsylvania event which runs from March 1 – May 31, 2023. Anyone interested in participating in Liberty Township should call the township office and arrange pickup of free work gloves, safety vests, and trash bags (provided by PennDOT and the DEP) to help collect litter from along township roadways. Collected trash can be disposed of at the Liberty Township municipal office dumpster.

Last year over 60,000 people participated in Pick Up Pennsylvania from March through May picking up over 2.2 million pounds of trash. This program is crucial because litter negatively impacts the environment, waterways, property taxes, home values, businesses and the safety of neighborhoods. Cleaning up litter and making small improvements to our shared community spaces helps create safer, healthier and more livable neighborhoods.
